Subject: Communication from Applicant Re: Docket No. 2021-43-G

Parties:

A staff member at the Commission received a call from Sloane O'Hare of McGuire Woods requesting an update on the status of the order in Docket No. 2021-43-G.

I would advise the parties that I am now responding to the communication in a manner that all parties may see: the Commission Order is in process. I could not venture to guess a specific date on which an order might be issued, but I can say that it is certainly in process.

In the future, I would request the parties to please email communications to the Commission to all parties and copied to contact@psc.sc.gov – this is in the interest of complete transparency.

Regards,

David Stark
